Subject: Enhanced Platform Fully Articulating Keyboard Tray

Section: Products

Issue: ABCO is pleased to introduce an enhanced keyboard tray on the MPFAKB/PFAKB models (pictured below)! The new tray features an upgraded look with an improved palm rest. The product will continue to offer 360° rotation, Lever Lock height adjustment, 25° adjustable tilt, ball bearing slides and an ambidextrous sliding mouse pad.

The new keyboard trays will begin shipping immediately and the price will not change.
